

NCRB nod for high-speed train between Dadri and Sonapat

Ghaziabad, Nov 19 (PTI) National Capital Region Planning Board (NCRB) has given its nod to run a high-speed train from Dadri to Sonapat via Ghaziabad, Loni and Bagapat, a top official said today.

The high-speed train will have a maximum speed of 150km per hour, Alok Bharadwaj, head of NCRP, told PTI.

Another high-speed train project from Anand Vihar to Pallavpuram via Modinagar and Meerut has also been finalised, he said.

Both the trains will run on elevated and underground tracks.

It would cost Rs 130 crore constructing one kilometre of elevated track while underground would cost Rs 210 crore per kilometre, he added.
